STORMY SPEECH IN THE HOUSE OF REPRESENTATIVES.

Pennsylvania's Famous Ex-Speaker Gives His Views on the Subject—The Bayard Incident Not Closed—General News From the Nation's Capital.

Washington, Dec. 13.—The house decided on convening to meet again next Monday. On motion of Mr. Cannon (Rep., Utah) a resolution was passed calling on the secretary of the interior for the total amount of land assumed by the Union and Central Pacific railroads under the grant to those roads.

Mr. Wilson (Rep., New York) presented a petition of the Central Congregational church of Brooklyn asking the government to furnish transportation for the relief supplies subscribed for the Armenians. Turner (Dem., Ga.) objected to printing the petition in the record.

Ex-Speaker Grow (Rep., Pa.) made a speech on the portion of the president's message referring to the tariff, in which he compared the old protective tariff laws with the new customs law. He said the new law up to Dec. 1 had produced a deficiency of \$131,000,000, while under protective measures from 1880 to 1893 the revenues had exceeded the expenditures by \$1,310,000,000. He attributed the depletion in the gold reserve to the payment of current deficiencies out of the reserve, and maintained that the greenbacks would not menace the reserve if there was sufficient revenue. Mr. Grow calls attention to the fact that Mr. Cleveland said nothing about the efficiency of the new customs laws to produce the new revenue necessary to carry on the government. The president did not give the receipts or the expenditures for last year, yet it was a fact that the deficiency for 1894 was \$69,000,000 and for the first five months of the present fiscal year \$18,000,000. The total deficiency since June 30, 1894, was \$131,000,000. The bonded debt under the present administration had increased \$162,000,000. Mr. Grow said that the McKinley law, as well as every protective measure passed since 1860, had produced more than enough revenue to meet the normal expenses of the government.

From 1863, when the Morrill bill was passed, to 1880, the protection customs system had produced sufficient revenue to meet the regular expense of the government, save during the war. From 1880 to 1893 the revenues exceeded expenditures by \$1,310,000,000. The last democratic administration before the war borrowed money to pay current expenses. As to the President's charge that the McKinley customs law impeded our entrance to the markets of the world, Mr. Grow declared amid republican applause that no market was better than the American market. "It consists," said he, "of 70,000,000 people, who consume more than any people the sun shines on."

For no similar period had the balance of trade been so much in our favor as during the three years the McKinley law was in operation. An emphatic statement by Mr. Grow that the greenbacks would not be retired was received with a demonstration of approval by the republicans.

The President's complaint that the greenbacks furnished an endless chain by which the gold reserve was depleted was not frank, he said. The greenbacks would endanger the reserve as long as the revenues were not equal to the expenses, and no longer. Paying the current debts of the government out of the reserve was the road to national bankruptcy. Mr. Grow referred to the elections last fall as the condemnation of the new tariff law and the policy of the administration.

SENATE PROCEEDINGS.

Senator Peffer Objects to Expenses of Congressional Funerals.

Washington, Dec. 13.—The proceedings of the Senate Thursday were more varied than interesting. They covered the entire range of legislation, from the introduction of petitions, bills, and resolutions to the passage of bills, and included two formal addresses. A bill extending the Chicago port of entry so as to cover the State of Illinois received the final indorsement of the Senate. Having already passed the House, the bill probably will be the first one of the Fifty-fourth Congress to become a law.

Almost an hour of the session was devoted to listening to a speech by Senator Peffer in advocacy of his bill curtailing the expenses incurred in Congressional funerals, and providing that a sergeant-at-arms shall take the place of the committee now sent out by the two houses as escorts to their homes of the remains of deceased members. He asked, in conclusion, that the bill be made the unfinished business of the Senate.

Mr. Stewart (Pop.) of Nevada introduced a resolution instructing the Committee on Finance to inquire into the rates of exchange between gold-standard and silver-standard countries and their effect on agricultural and manufacturing interests, and gave notice of a speech on Monday.

On motion of Mr. Hansbrough, a resolution was passed calling upon the Secretary of Agriculture for information as to whether he had expended all

or any part of the last appropriation for the purchase and distribution of seeds. Secretary Morton has refused to spend this money.

Mr. Call then addressed the Senate upon his resolution declaring it to be the duty of the civilized powers to suppress the cruelties alleged to be perpetrated upon the Armenian subjects of Turkey by Turkish authorities. He thought that the United States should, at least, express encouragement to the civilized powers in the effort they are making to suppress these outbreaks of bigotry, superstition, cruelty and crime. The Senate then adjourned until Monday.

THE BAYARD INCIDENT.

House of Representatives May Censure the Ambassador.

Washington, Dec. 13.—According to the opinion of two or three probable members of the House Committee on Foreign Affairs, there is a strong possibility that when the committee comes to consider the matter of Ambassador Bayard's two speeches it may recommend the action proposed by Mr. McCall's resolution. The question of impeachment is not before the House or the committee in any way, notwithstanding some misapprehension on that point, for when Mr. Barrett's resolution was disposed of, the words, "by impeachment or otherwise," were stricken out, leaving a simple direction to the committee to report to the House what action should be taken in the premises.

It is now conceded by the Republicans that the proposition to impeach was not intended seriously, but merely a parliamentary move to secure debate on the Ambassador's conduct. In case the President should reply that he has not communicated with the Ambassador there is some sentiment that the House should censure him, and it is suggested that this might be done either by a separate resolution, or in connection with the appropriation for the Ambassador's salary, when the diplomatic appropriation bill comes before the House.

THE CAUCUS COMMITTEE.

Full Report Expected to Be Made on Monday.

Washington, Dec. 13.—The members of the republican caucus committee of the senate were in conference with other members of the senate yesterday in an effort to assure themselves that the assignments of the committee of chairmanships which they have made will prove satisfactory when the list shall be presented to the caucus. The committee has practically completed this branch of its work and the members feel, after conferring with their colleagues, that the allotment they have made will be acceptable to the republican senators. The committee will devote the rest of the week to the consideration of the make-up of the bodies of the committee and hope now to be able to report to the full caucus by Monday. Considerable work in this line has already been accomplished, and it may be stated that the full majority representation on three of the four principal committees has been decided upon. The younger element of the republican senators are now pressing upon their colleagues the importance of organization of the senate before the Christmas holidays, for the effect which they argue the prompt action will have upon the country. Some of the older senators are inclined to think that this plan would involve unseemly haste, and may antagonize the movement.

Cause of the Indian Trouble.

Washington, Dec. 13.—The War Department has received a telegram from the commanding officer at Fort Apache, Ariz., saying that the trouble at Cibola arose out of an attempt by Sheriff Thompson of Globe, Ariz., with a posse to enter the Indian reservation to make an arrest of Indians said to have attempted to take stores from a ranch whose occupants were absent. The Indians are said to have been caught in the act, but had taken nothing, being discovered too soon. The inhabitants were much excited and gathered at Newton's store ranch at Canyon Creek. A man named Boris did the killing of the Indian whose body was found in the vicinity. He and two others of the party gave themselves up to Lieutenant Fenton and are now on their way to Globe, Ariz.

FIRE AT MONMOUTH, ILL.

Weir Plow Company's Plant Destroyed—Loss \$200,000.

Monmouth, Ill., Dec. 13.—Fire last night practically destroyed the immense plant of the Weir Plow Company of this place. The loss will reach \$200,000, with an estimated insurance of \$130,000. All the insurance was placed through Chicago offices, and the exact figures cannot be given. The McCullough lumber yards, the Torrence and McIntosh machine shops, and several residences in the immediate vicinity were in danger while the fire was in progress.

The capital stock of the company is \$1,000,000. It has branch houses in Des Moines, Iowa; Lincoln, Neb., and Kansas City, Mo., which are all under the name of the Kingman Company. Nearly all of the company's output is manufactured here. William Hanna of this city is one of the largest stockholders. The shops covered two blocks. All that is left standing is the foundry, warehouses and offices. The loss is a blow to Monmouth, as nearly 300 men were at work, and the factory meant a big thing for the city.

THURMAN LIES DEAD AT HIS OLD HOME

"OLD ROMAN" IS CALLED TO FINAL REST.

Statesman Passes Away at Columbus, Ohio—Public Career an Open Book Beloved By Everyone Who Had the Privilege of Knowing Him—Sketch of His Life.

Columbus, Ohio, Dec. 13.—Allen G. Thurman died at 1:15 p. m. Thursday. Judge Thurman was born at Lynchburg, Va., in 1813, and removed to Chillicothe, Ohio, with his parents when six years of age. Young Thurman secured his early education at Chillicothe Academy, and read law under his uncle, the late Gov. William Allen. His early practice was at that place and its income was devoted to the support of a widowed mother, and it was late in life when he married Mary Dun, daughter of Walter Dun, of Kentucky. Their son

ALLEN G. THURMAN.
and two daughters are married, the latter residing one in the east and the other in the far west.

Judge Thurman served one term in congress from the Chillicothe district, being elected in 1844, and, returning to the practice, was elected to the Ohio Supreme bench in 1851, refusing a re-nomination after four years' service. His record as chief justice was an enviable one.

In 1867 Thurman was nominated for governor in the face of 42,000 majority. He effected such an organization and conducted so masterly a campaign that the large majority of the year previous was cut to less than three thousand, and, although defeated himself, his party gained a majority in the general assembly, and in recognition of his splendid campaign elected him to the United States senate to succeed Benjamin F. Wade. He served twelve years from March 4, 1869, and his splendid record in that body was one of singular ability and prominence. The name of Thurman was prominent before the national conventions of 1876 and 1880, and again in 1884, when the Ohio convention sent him as delegate-at-large to the Chicago convention. He, however, refused to allow the use of his name in the latter convention. His nomination and defeat for the vice-presidency are recent history.

Before the "Old Roman" was nominated for the vice presidency his name had been suggested for a high honor at the hands of President Cleveland. His friends thought he would be chosen secretary of state during President Cleveland's first term. They were disappointed, however.

The Thurman home is located in a commanding position at Rich street and Washington avenue. It is a double brick, with spacious lawn, and is arranged for the convenience of two families, one side being occupied by Allen W. Thurman, the only son of the "Old Roman," who has assumed in recent years the management of all his father's business affairs. By this division Judge and Mrs. Thurman had a home by themselves and at the same time the watchful care and association which is afforded by an interesting bevy of grandchildren. Allen Thurman was a great reader, a man of wide range of information with a mind stored with the best in the classics and historical data, a jurist of renown and a man whose political experiences and statesmanship were equalled by few.

In his new home, where he ended his days, he spent most of his time in the library. His custom was to chat with callers and the family after the 6 o'clock dinner, and then, after 1 o'clock, he took up his reading.

Thurman was not a religious man, in the strict sense, and very often he was poetically profane, yet both his private and public life was remarkable for its purity. Since the death of his wife, two years ago, he had been more secluded than ever. He had felt her loss more than his stoical spirit would display, yet his grief had been that of the philosopher. Judge Thurman's household consists of his son, Allen W. Thurman, and family. Thurman, the younger, married a beautiful Baltimore belle. The grandchildren of the "Old Roman" were devoted to him, every one. They grew into maturity before his kindly glance, and he was proud of their beauty and strength.

Judge Thurman was a rich man. The estate of his wife had been well managed and greatly increased. The Thurman family has always been among the most aristocratic in the state, and the younger generation is prominent in the social circles of Columbus.

It has been decided to have the funeral at the residence at 10 a. m., Saturday.

CARS ARE TO STOP ON NEXT SUNDAY

STREET CAR COMPANY CANNOT OPERATE THE LINE.

Directors' Meeting Called for Tomorrow Afternoon, But There Is Little Likelihood That They Can Do Anything—One Day's Receipts Reached \$330 in All.

The street cars will stop running next Sunday.

G. W. Blabon, the owner of the road wrote from Philadelphia to Superintendent Proudfoot that there is no other alternative.

However, a meeting of the directors is called by Superintendent Proudfoot for tomorrow afternoon at 3 o'clock at the power house when the situation will be canvassed. The local directors are G. M. McKey, James Shearer, G. L. Carrington and Superintendent Proudfoot.

Mr. Proudfoot says that Mr. Blabon estimates that it will cost \$1500 to run the line this winter. The road has been operated at a loss nearly all the time since it has been in operation. The expenses are \$30 a day, while the receipts, for some time back, have averaged but \$15 a day. On Nov. 26, the princely sum of \$330 was the total amount taken in. Mr. Proudfoot has received half a dozen letters from Mr. Blabon within a short time. He says that he cannot afford to lose money at that rate to accommodate the Janesville people, and the only thing that can be done is to close down. Accordingly he notified Superintendent Proudfoot to cease operating the road next Sunday, Dec. 15, and unless the directors' meeting can devise some scheme to keep the line in operation, the dynamo will cease to buzz on that day.

RAIDED NICHOLAS REED'S BARN

Midnight Visitors Kill Fifteen Chickens and Steal a Rooster.

Someone raided Nicholas Reed's barn between 2 and 4 o'clock this morning, and not only slew some fifteen chickens, but stole therefrom one rooster. Mr. Reed resides on the outskirts of the city, beyond the "Five Points" crossing. He came to town this morning and reported his loss to Chief of Police Acheson. Early this morning, he said, the family heard some one about the barn, but thought nothing of it. When Mr. Reed arose this morning, he found that a board had been removed from the barn, thus allowing the prowlers to get inside. Fifteen chickens were found with their necks wrung, but the rooster was nowhere in sight. Chief Acheson "struck a lead" that may result in the capture of the midnight visitors, soon after he learned of the affair.

ALARMING REPORT.

Turks and Kurds Gathering in Force at Constantinople.

London, Dec. 13.—The Daily News publishes a dispatch from Constantinople which says: "For days past Turks and Kurds have been pouring into the city from the devastated regions of Asia Minor. Their primary object is the disposal of the loot which they have obtained during the massacres. They are also hopeful of a richer harvest in the event of the sultan's permitting a rising at Stamboul. Their stories, coupled with the display of plunder, have inflamed the lowest class of Moslems with an aching desire to attack the bazaars. They are ready to seize upon the slightest provocation for an attack."

"The news from the interior increases in horror with every mail. In places within a small distance massacre and pillage are still of daily occurrence and everywhere destitute Armenians are flocking into the large towns, where there is no means of feeding them. No news has been received yet from Zeitoun and none is expected until all the Zeitounis have been killed. The district swarms with Bashi-Bazouks, and every road and bridge path is guarded with troops."

Illinois Horticulturists Adjourn.

Kankakee, Ill., Dec. 13.—Reports of committees was the first thing in order at yesterday morning's session of the state horticultural society. Next in order was the election of officers, the result being as follows: President, T. E. Goodrich, Cobden; vice-president, Len Small, Kankakee; secretary, H. M. Dunlap, Savoy; treasurer, Arthur Bryant, Princeton. These are all re-elections except vice-president. It was decided to hold the next meeting at Springfield, 1897. The meeting closed with the reports of delegates to other state institutions.

To Amend the Constitution.

Baltimore, Md., Dec. 13.—The annual convention of the National Reform Association yesterday approved a proposed amendment to the constitution of the United States. It acknowledges Almighty God as the source of all authority in civil government, the Lord Jesus Christ as the ruler of nations, and the revealed will of God as the supreme authority in civil affairs.

Indiana Grange Closes.

Warsaw, Ind., Dec. 13.—The Indiana grange closed its annual meeting after selecting officers. Aaron Jones, South Bend, was elected master.

SOCIAL EVENTS OF LAST NIGHT

Delegations of Janesville People Made Merry at Various Places.

Between forty and fifty friends assembled last evening at the Milton avenue home of Mr. and Mrs. J. S. Gibson. Cards were indulged in, after which refreshments were served, and dancing was indulged in until midnight. Tuckwood's orchestra furnished the music.

The L. M. C. club were entertained last evening at the St. Lawrence Place home of Mr. and Mrs. F. L. Smith. Refreshments were served, and Mrs. J. P. Baker was awarded the lady's prize while J. J. Hall walked away with the honors for gentleman.

Mr. and Mrs. Caldwell pleasantly entertained a number of friends last evening at their home 206 South Main street. In the forepart of the evening light refreshments were served, after which cards served to make the evening a pleasant one. Miss Madeline Koebelin was awarded the lady's prize while F. Gentle proved himself to be the best player among the gentlemen.

ANOTHER GIFT FOR THE Y. M. C. A.

"Willing Workers" Contribute a Writing Desk and Chair.

The "Willing Workers" a circle of King's Daughters, have presented the Y. M. C. A. with a fine writing desk and chair. There is need at the building for many such gifts, and donations from other societies would be thankfully received. The "Willing Workers" are Margery Wilder, Fannie Stewart, Lulu Billings, Mattie Spoon, Ella Sutherland, Ethel Sayre, Grace Bladon, Fannie Lee, Jessie Lee, Jeanette Sayre, Clara Light and Mabel Taylor.

Illinois State Grange.

Springfield, Ill., Dec. 13.—The Illinois State grange convention came to an end yesterday with the election of officers and the adoption of several resolutions, one of which demanded the repeal of the school flag law. The others recommended the withdrawal from circulation of greenbacks; a referendum in settling disputes, and the remonetizing of silver. A resolution was voted down favoring a graduated land tax. A special committee was appointed to draft a memorial to Congress requesting that stringent legislation be enacted against option dealing and the use of telephones and telegraphs for such purposes. Oliver Wilson, Magnolia, was elected worthy master.

Oil Struck at Crown Point, Ind.

Crown Point, Ind., Dec. 13.—An oil well at this place is a possibility. A Chicago firm is engaged in putting in a system of waterworks here and an eight-inch well is being driven 50 feet north of the Pan-Handle tracks at the depot. Last evening the well was down to a depth of 200 feet and a fairly good supply of crude oil had been struck, with excellent prospects of securing it in paying quantities.

Revenue Cutter Is Missing.

Portland, Maine, Dec. 13.—There are fears that the United States revenue cutter Woodbury has been disabled at sea. She has not been spoken since she left Rockland, on the 3d inst., to patrol the coast. It is customary for the cutter to put into port at night. Many believe she has been blown out to sea, while others are of the opinion that she was disabled or wrecked during the storm last week.

Michigan State Grange.

Lansing, Mich., Dec. 13.—The movement to have the Michigan State grange indorse ex-Gov. Luce for President of the Michigan Agricultural College was abandoned, but the grange will take action as to the manner of man who should occupy that position, and will recommend an amendment to the law requiring that members of the board in charge of the college be elected by the people instead of appointed by the Governor, as now.

Two Rivers, Wis., Dec. 13.—[Special]—Victoria Schroeder, a deaf mute, was visiting a neighbor yesterday, and on her way home fell on the ice and injured her head. She wandered about aimlessly all night and this morning was found nearly frozen to death. She will probably die.

Accident at Oshkosh, Oshkosh, Dec. 13.—[Special]—Emil Wiess, a young man, was fatally injured by a Wisconsin Central this morning. He was switching and in dodging, fell under the cars. Both legs were cut off.

TOOK VOWS AT CUPID'S ALTAR

App-Kenyon.
A quiet marriage was performed at Clinton, Ohio, last Friday night, the contracting parties being Theresa W. Kenyon of this city and E. H. App of Pennsylvania. Mrs. App is well known in this city, having resided here for the past twenty years. For eight years she was in charge of the European hotel. The groom is a well known wood and coal merchant in the state of Pennsylvania and is connected with several enterprises. They will make their home in the eastern state, and their numerous friends will extend congratulations.

Don't Overlook the Boy.
Don't forget that boy needs an overcoat for Christmas. Come and attend Rosenfeld's cut and slash sale and see those overcoats we sell you for \$1.25 and suits for 75 cents. This is a cut and slash sale, and you can use your own judgment in looking out for your interests but we want you to come and see for yourself. Rosenfeld.

See the Knife Go In.
We are cutting and slashing the prices on our clothing. Talk is cheap but come down tomorrow, Saturday. We are open until 10 o'clock p. m., and see what we are doing. Rosenfeld on the bridge.

San Francisco Bank Closed.
San Francisco, Cal., Dec. 13.—As predicted Wednesday the Grangers' Bank of this city did not open for business yesterday. It is stated that after all debts are paid there will be a large sum to divide among the stockholders. There is a total indebtedness of \$335,029. To meet this indebtedness the bank has on hand \$70,000 in cash and has bonds, stocks, real estate and loans and discounts amounting to over \$1,000,000. It is believed that an arrangement will be made with other banks to rediscount much of the paper held by the bank. Thus far there have been no financial complications in the interior of the state as a result of the suspension of the Grangers' Bank and none are anticipated.

Diphtheria at Decatur, Ill.
Decatur, Ill., Dec. 13.—Diphtheria has become in a measure epidemic in Decatur and vicinity. In the country east of the city a school has been closed. There were several deaths among the smaller pupils. Yesterday, in Decatur, in the family of E. S. Baker, two children died at the same hour, and in the B. T. Allison family a child died yesterday of the disease. The antitoxin treatment was used in all three cases without success. In the Third ward there have been ten deaths from diphtheria in the past few weeks.

A New Pacific Railroad Bill.
Washington, Dec. 13.—Senator Thurston, of Nebraska, Wednesday introduced a bill for the settlement of the Pacific railroads' debts. It provides for the sale of the government interest in both the Union and Central railroads on July 1, 1896, to the highest bidder, but there shall be no sales unless the bid shall be at least 50 per cent of the government interest. The bill is very long and devoted mainly to the details of the transfer and manner of sale. Its main features have been published already.

Oppose Military Drill in Schools.
Cincinnati, O., Dec. 13.—There was a mass meeting last night presided over by Gen. Kimberly, at which resolutions were passed to organize as a conference to oppose military training in the public schools and to secure legislation to have the state furnish books to pupils in the schools. Letters were read purporting to come from Presidents Eliot of Harvard, Schurman of Cornell and Adams of Wisconsin University, all opposing military drill in public schools.

Michigan State Grange.
Lansing, Mich., Dec. 13.—The movement to have the Michigan State grange indorse ex-Gov. Luce for President of the Michigan Agricultural College was abandoned, but the grange will take action as to the manner of man who should occupy that position, and will recommend an amendment to the law requiring that members of the board in charge of the college be elected by the people instead of appointed by the Governor, as now.

EDGERTON ART CLAY BEATS THE WORLD

ONLY INSTITUTION OF THE
KIND IN THE U. S.

How the Work Is Done—Noted Sculptors Now in the Employ of the Company—Handicraft of Miss Jean Miner and Miss Nellie Mears—Original Work Done Mostly.

There is a wonderful and instinctive fascination in the working of clay, omnipresent in all times and nations. It is the most ancient craft of all. Side by side with the rough stone implements of pre-historic man are found the vessels and images of clay. From the mud pies of childhood to the finished product of the sculptor's hand is but an inevitable step. In what should we feel more interested than the earth from which we sprang and to which we must return, not less subtle in texture, composition and possibilities when in its natural state than when embodied with life? "Imperial Caesar turned to clay" might also be fashioned in classic form. The possibilities that lie concealed in so seemingly uncouth a substance as clay are almost illimitable and an exami-

nation of pottery is productive of interest and knowledge. When representations of the ideal are reproduced in clay a view of the work is fascinating.

"To see That shapeless, lifeless mass of clay, Rise up to meet the master's hands."

Then cut in many parts, cast in moulds, from which again spring under deft and skillful touch the God-like Apollo or grinning Satyr, is an operation that few have had the opportunity to witness.

Small But Thriving.

At Edgerton in this state, there is a small but thriving institution engaged in this work that bids fair to become an important factor in disseminating of the plastic art in this country. Its aims being the reproduction in clay of thoroughly artistic original works. This class of art has been but little understood in this country until within recent years, it having been to long the custom of Americans to look to European artists as the only worthy creator of form in marriage and clay; consequently there has not been manifested the extreme interest there would be if it possessed more per-

sonal bearing. There is a passive and dormant interest amounting almost to a prejudice against home productions which must be overcome, and at the hearthside are instilled the first germs of love for the beautiful. How well it is being done is evinced by the rapid stride towards appreciation of plastic art during the past few years.

Five Clay Red.

There is an original power and strength in the work of American sculptors, born of conscientiousness of work and sincerity of purpose distinctly stamp it.

interest there awakened needs only the opportunity to select and criticize to place this art where it should be.

The Edgerton Art Clay works, in furtherance of this work, believing American sculptors to possess a style, vigor and originality of treatment not to be found in the works of the old world artists, has undertaken to place before the public their works in a faithful form and suitable material at reasonable cost. The medium chosen is a calcareous clay, of which large deposits are found in this locality. It is probably a product of the glacial age, or the following lacustrine epoch, and is untouched by the surface and drain-

age waters of recent periods, therefore plastic and adhesive to a high degree. After taken from the beds it goes through many processes, such as washing, sifting and wedging, before it is ready for the moulder, by whom it is placed in the moulds which give it the desired shape of the part of the figure to be made.

"Simple, But Complicated."

In seemingly simple figures as many as fifteen and twenty parts are required to make the figure and accurately produce each fold, shadow and line. Those parts are joined together, a slow, painstaking process, as clay is an intractable substance even under an expert hand. The complete piece is carefully dried and is then ready for burning, which requires from twelve to twenty hours under the intense heat to produce what is deemed the most desirable color, a soft, creamy tint, a truly beautiful color which yields no harsh shadows and subdued striking highlights. It is an extremely difficult color to obtain, as the clay passes from it rapidly into a yellow and thence into a brown, which is the first stage of fusing. When the proper color has been produced the kilns are plastered up until air-tight to produce the cool off, requiring several days, when the figures are drawn and are ready for market.

The Sculptors Employed

The works at Edgerton claim to be the only producers in this country of

burned clay statuettes. The product is inimitable and bears in itself a distinctive stamp of originality. The workmen are Danish artisans who have for many years been engaged in the clay works of Denmark and possess a skill rarely found in this country.

Among the sculptors employed are Jean Pond Miner, a Wisconsin sculptress whose statue of "Wisconsin" was recently unveiled at Madison. Miss Nellie F. Mears, of Oshkosh, who has for a year past been studying in St. Gauden's studio in New York, has also contributed several very beautiful figures and reliefs. Some of the figures made by these artists are shown in the pictures which are printed herewith. In addition to the original products the Edgerton works also produce copies of famous sculptors, thus affording a large variety of selection.

It is to be hoped that the high standard adopted by these works will meet with public approval and thus contribute to the honor and renown of Wisconsin in art circles—Edgerton Correspondence to the Milwaukee Sentinel.

COUNTY NEWS TOLD IN A LINE OR TWO

WHAT IS GOING ON IN THE
JANESVILLE SUBURBS.

Clinton People Were Much Interested In "That Lawsuit"—Other Breezy News Of That Village—Shopiere Was a Lively Place This Week—Other County Tales.

Clinton, Dec. 13.—The lawsuit in which M. Cole appeared as the plaintiff and W. Wright as defendant, attracted a large crowd before Justice Conkrite and a jury consisting of Wm. Thom, H. Rogers, Geo. Snyder, L. L. Olds, F. Salisbury and T. Murray. The case hinged on a deal whereby a hundred and sixty acre farm was worked by the defendant, W. O. Wright. Mr. Cole claimed damages arising out of breaches of the contract. E. D. McGowan of Janesville, and W. A. Mayhew appeared for the defendant, while William Smith of Janesville, appeared for the plaintiff. The trial has been a laughable affair throughout. The jury brought in a verdict of "no cause for action and plaintiff to pay costs," which is about \$175. Harden & Foltz have a large number of fine turkeys on hand. Mrs. Ross is visiting relatives and friends in Elgin. Mr. Woolson who was so badly burned with gasoline, is improving nicely. James Locke's condition is much improved and will soon be able to be out. John McArthur shipped a car of stock to Chicago on Tuesday last. A. McDowell and family left for Belvidere, Ill., on Monday last when Mr. McDowell will manufacture horse collars. The meeting at the Y. M. C. A. rooms on Sunday last was well attended. William Jones transacted business in Janesville on Thursday last. Georgia Kemmerer is clerking for Mr. Mayhew during Mr. Hofert's absence. Every Modern Woodmen should be on hand next Tuesday evening, Dec. 17, as election of officers will take place. M. P. Treat is very sick at the present writing. Mr. Calliver transacted business on Tuesday last. Art Cornwell visited relatives and friends in Janesville on Sunday last. The Bazaar and supper at the Congregational church on Thursday afternoon and evening was quite well attended. The Fireman's dance at Wymann's hall on Thursday evening last was well attended and all report an enjoyable time. Ed. Brodley has returned to Montevideo, Minn., where he is employed as train dispatcher on the C. M. & St. Paul R'y. Mrs. Ray from Iowa has been the guest of Mrs. Pachen the past few days. Mrs. James Benson returned from Chicago on Tuesday last. Miss Nettie Dean returned from Chicago on Thursday evening last.

MILTON JUNCTION HAPPENINGS.

Personal, Social and Other Notes From That Lively Village.

Milton Junction, Dec. 13.—Mr. Slade, of Little Genesee, N. Y. called on Rev. G. W. Burdick Tuesday. The young people of the Y. P. S. C. E. gave Welcome Wells a surprise party last Sunday night. An enjoyable time was had. Mr. Wells starts soon for Lakeview, Cal., where he expects to locate. I. P. Hinkley attended district lodge of the I. O. G. T. at Peedee this week, as delegate from the lodge here. Frank Giesler, of Hartford City, Ind., is visiting his family at Dr. Oviatt's. Mr. and Mrs. Robert Carr, of Edgerton, were visitors in town a day or two this week. Messrs. Ruten & Eiselestein, of the bakery, have sold out their business to a gentleman from Fort Atkinson. Mrs. Zella Rogers of Fort Atkinson, attended church here last Sabbath. Annabelle Tickner's young friends met with her Monday night to help her celebrate her fifteenth birthday. There was a sleigh load of young people attending the revival meetings at Janesville Tuesday night. Rev. D. K. Davis of South Dakota, was in town this week. He has bought David Baker's place and expects his car of goods this week. The Universalists held a meeting at Mrs. P. Marquart's this week Tuesday. The foundation of the new creamery is being built. A new building will be put up instead of the old building being moved here. Charles Clarke was in Chicago part of the past week. It is amusing to see the number of teams in town hauling coal in every direction. The papers persist in saying it is a "Milton man" who is selling the cheap coal, but it is MILTON JUNCTION that gets there. News was received here this week of the sudden death of Mr. Erb at Salt Lake, Utah. Mrs. Erb, daughter of Mrs. Hill of this place, is well known here.

TO ENLARGE SHOPPIRE HALL.

Improvements Are Being Planned—Surprise For Mrs. Humphrey—Other News.

Shopiere, Dec. 13.—The Fraternity Hall association are enlarging their dining room and making it more convenient. We are in hopes that it will be a warmer place in the future than it has been in the past. Mrs. Merritt Bostwick went to Chicago on Tuesday to spend the winter with their daughter, Mrs. Henry Beckworth. Mr. and Mrs. Joseph Humphrey of Afton were very much surprised on Tuesday evening to see so many teams driving in at their place. About ten or twelve couples were from Shopiere and vicinity and five or six from Afton. Mr. Humphrey was a little "rattled" at first. We played cinch, smoked cigars and had a very nice supper. All enjoyed it very much. Joseph Weirick and wife will commence keeping house soon in this place. They have bought the house

INMAN AND BOLLARD

ALL KINDS OF ARCHITECTURAL CABINET and DECORATIVE GRILLE WORK WOOD WORK.
4-N. RIVER ST. JANESVILLE, WIS.

THE OVERFLOW OF LOCAL NEWS.

MILL FULL OF EXPERT WORKMEN

Interesting Points on Some of the Heads of Departments in Inman & Ballard's.

Leslie E. Currier has resigned his position at the Phoenix Planing Mill to accept a position with Inman & Ballard. Mr. Currier has been employed at the Phoenix over twenty-three years in continuous service.

The long service alluded to arrested the attention of The Gazette reporter, and he inquired of Mr. Inman if there was any other man about the Inman & Ballard mill who had been in the business as long as Mr. Currier, and learned of the following remarkable records:

Paul Young engaged in the business as a proprietor, in the firm of Doty & Young in 1858, and excepting the time he was in the army, has been continuously employed on the "water power" as a wood worker, a period of thirty-seven years.

Peter Howland entered the employ of Shopbell & Norris at the time the Court Street M. E. church was being completed, and helped to finish that structure, and was in the employ of Shopbell & Norris twenty-three years continuously.

Nels Larson was in the employ of Kimball & Ashcraft fifteen years, as a cabinet maker, with Shopbell & Norris ten years, Colling, Wray & Blair two years, making in all twenty-seven years' steady employment, in almost exactly the same location.

George Schaller was in the employ of the Janesville Furniture Company from 1873 to 1880 and since that time has been employed in the Phoenix or Janesville Planing mills with the exception of about a year in the employ of the O. & N. W. R'y Co., as fireman and engineer. This is a twenty-two year term of service.

All of the men above mentioned excepting Currier have been with Inman & Ballard since they have been in business and the experience of each one is sufficient evidence that he is an expert in the line in which he is employed and it is safe to say that such an aggregation of practical men would be difficult to find in any other manufacturing institution in the city surely in no other planing mill in Southern Wisconsin.

START A FREE KINDERGARTEN

New Enterprise Is Now Being Worked Up In This City.

A new enterprise is now being quietly worked up among the residents of the Bower City, the object being to establish a free kindergarten, open to any and all children of the city between the ages of four and seven years, and is now assuming shape. The school will be established in the basement of All Souls church and will be conducted on the same plan as the free schools now operated in all large cities. At first a small charge will be made—not to exceed 25 cents a week—but later on it is hoped that by voluntary subscription the school may be run on a free basis.

EVANGELIST BURROWS MEETING

First M. E. Church Filled By the Revival Congregation Last Evening.

Last night's meeting at the First M. E. church, was a red letter one for the series. The meeting for the beginning was commanded with the deepest interest. It opened promptly at 7:30 with a song service of fifteen minutes led by the Y. M. C. A. quartette, accompanied by the Epworth orchestra. Several had led in prayer when the evangelist took the platform. At once he asked five to tell why they had become Christians. One said "because I saw that my life was all wrong before I came to Christ who made it all wrong."

Other answers were: "I had felt for years a longing for a peace and consolation which I tried to but could not find in the world. So I came to Christ who gave it to me and I am happy now in him."

"I heard and read of Jesus and how he gave himself for me, and it begot love in my heart for him. So I came and gave myself to him."

"I felt that I was a sinner. My heart was not right. I tried many ways to make it right. I was told that Jesus could make it right and so I came to him and he has made me clean. Praise God for a full salvation."

"I became a Christian because I was not satisfied with my life." The evangelist asked if the speaker was satisfied since he had become converted, and was told that he had.

Mr. Burrows preached from Luke 15:4: "Until He find it," a desertion upon the love of the Savior as taken from the lost sheep, lost coin and the prodigal son. The quartette sang "Do Not Grieve the Spirit," and while they sang the altar was filled by seekers. Tonight the quartette and orchestra will again lead the singing. Service opens at 7:30.

THE Y. M. C. A. DEDICATION PLANS

Program for That Event and the Concert to Follow.

Plans are now complete for the dedication of the new Y. M. C. A. building on Monday evening and a concert on Tuesday evening. Both events will occur at the new building. The program for the dedication is as follows:

ACCIDENTS!

The TRAVELERS' PREFERRED ACCIDENT ASSOCIATION

Has written Life Insurance business for the past nine years, and at the present time have not an unpaid claim in the United States. They have written more insurance in Janesville than all other companies represented in the city. If your time has a moneyed value protect it by a policy in the Travelers' Preferred Accident Association.

NOTICE TO GAZETTE READERS

Janesville merchants realize that the Gazette readers are the ones that spend the money, and so rapid has been the increase of the advertising patronage that it has been a knotty problem to plan how to care for it. In order that news matter may not be sacrificed, the first page will also be largely devoted to local matter in the future, making four red-hot local pages. You will find Janesville happenings on—

CHRISTMAS FOR CUBA.

Spain will give Cuba a Merry Christmas by putting in the field a larger army than she had in it at any time during the insurrection of 1868-78. Apparently the reports were true which said she would make a supreme effort this winter to end the rebellion. The weather, which was against the Spaniards in the summer and fall, ought now to be favorable for military movements. If, with the immense force of soldiers which have been sent into the island in the past few months, Spain fails to crush the insurgents before April or May next her cause is lost. Either a large measure of self-government, something like Canada has, will have to be given to Cuba or complete independence will come within a year or two. Independence will probably mean annexation to the United States, for no considerable number of Cubans can imagine that their country if free could stand alone long.

CONVENTION CITIES.

These are the dates and meeting places of the Republican National Conventions, including the one to be held next year:

1856—June 17, Philadelphia.

1860—May 16, Chicago.

1864—June 7, Baltimore.

1868—May 20, Chicago.

1872—June 5, Philadelphia.

1876—June 14, Cincinnati.

1880—June 2, Chicago.

1884—June 3, Chicago.

1888—June 19, Chicago.

1892—June 7, Minneapolis.

1896—June 16, St. Louis.

Col. Lamb, the new leader of the Virginia republicans, says the party will make an aggressive fight for the control of the Old Dominion. That's the proper thing to do. The state is believed to be republican on a full vote and a fair count and both should be had.

The only thing democrats have to feel happy about is the fact that the treasury deficit for the half of the fiscal year that ends December 31 may be cut down to about fifteen millions of dollars.

One of the foreign effects of Mr. Cleveland's message is an editorial in a London financial paper, advising its readers not to invest in American securities on account of their doubtful stability.

Bismarck says he was never an obstinate man; he always gave in when convinced he was wrong. So does everybody else. The troubles in convincing them that they are wrong.

Some people say it will be hot for republicans in St. Louis next summer. It won't begin to be as hot as democrats will find the whole country after the campaign opens.

Whatever the fifty fourth congress may do or not do it is practically certain that it will not authorize the issue of any bonds unless war shall make them necessary.

When apples hang low anybody can get a basketful. This year they grow on high boughs and the man with the long advertising pole is apt to get the biggest share.

Janesville coal dealers saw it in the right light and decided the city couldn't afford to have coal sold in country towns cheaper than it was sold here.

It is an off day when the newspapers do not report some new mishap to the battle ship Texas.

David A. Wells, the free trader is in favor of a third term for Cleveland.

Mr. Wells may as well make up his mind that the country will not have another free trade president.

Come to think there are lots of people who have hated the greenbacks ever since the war, but those who love them are more numerous.

An apparently unanswerable question is, what becomes of all the soldiers Spain claims to have sent to Cuba?

BLOW TO POLITICIANS.

Important Decision of the Minnesota Supreme Court.

St. Paul, Minn., Dec. 13.—The Supreme Court of Minnesota yesterday declared the office of John B. Sutton, state boiler inspector, vacant because Mr. Sutton is a member of the lower House of the Legislature, a body which has power to create offices and fix their salaries. This decision throws out at once many other members of the Legislature and ends a pernicious practice which has grown to great proportions the last few years. Members have deliberately created or increased the salaries of offices and entered into arrangements with the appointing power to secure for themselves those fat offices. During the last session of the Legislature it was openly charged that the friends of Gov. Nelson attempted to secure votes for him by the promise of office to members. The Supreme Court ousts Mr. Sutton under the section of the state constitution which declares that "no Senator or representative shall, during the time for which he is elected, hold any office under the authority of the United States or the State of Minnesota, except that of postmaster." The court holds that the disability does not cease until the expiration of the full period for which the member was elected.

This decision not only throws out of office a large number of men, but it prevents many members of the Legislature from running for mayor and other county and city offices. The action is the most sweeping in the history of the Minnesota Supreme Court and cannot fail to lead to the purification of state politics.

ADOPT A PLATFORM.

Council of Patriotic Organizations Announces Its Principles.

Washington, Dec. 13.—The national council of patriotic organizations has been in session here for the last three days. Delegates from all the prominent patriotic orders were present, representing over 3,000,000 members. A platform of principles was formulated, as follows:

"Demanding that stringent laws be enacted by congress restricting immigration; that no public funds be appropriated for any sectarian purposes, and indorsing the proposed sixteenth amendment to the constitution; that no state shall grant the right of suffrage to any person not a citizen of the United States; demanding that all property, public property alone excepted, be subject to equal taxation."

A committee was appointed to attend the national conventions of the political parties for the purpose of inducing them to incorporate these principles into their platforms, and in the event that none recognizes them, steps will be taken to form an American party. This national council is working to secure unity of political action by the membership of all patriotic orders.

President Expected Back Saturday.

Norfolk, Va., Dec. 13.—President Cleveland and party had a good day's sport Wednesday. The weather is intensely cold. The Violets is expected here Saturday.

ARE YOU THIN?

Do You Want to Become Fleshy?

A FEW SIMPLE RULES

Flesh and Not Fat Is What Is Needed.

What thin people want is flesh and not fat. To be symmetrical and properly proportioned, every person should have a certain amount of flesh. To be plump does not necessarily mean to be fat. Fat is undesirable, it clogs and retards the action of every muscle, interferes with the healthy action of the heart and lungs, and when excession predisposes of fatty degeneration of vital organs; to say nothing of the discomfort more or less, resulting from excessive dispo tissue.

Common sense would suggest, that if one wishes to become fleshy and plump, the thing most needed would be flesh forming foods, in other words albuminous foods like eggs, beef, oatmeal, etc. The kinds of food that make flesh are the foods that form the greater part of our daily bill of fare.

Now, the only reason so many people remain thin is because their stomachs do not properly and completely digest and assimilate the flesh-forming beef steak and eggs we eat every day.

There are thousands of such people and they are really dyspeptics, although they may not suffer any particular pain or inconvenience from their stomachs. If such persons would take with their meals some preparation like Stuart's Dyspepsia Tablets the food would be quickly digested and the proper degree of plumpness very soon secured, because these Tablets are prepared exactly for that purpose. They will digest every variety of flesh-forming food, which is the sole reason why they so quickly build up and strengthen thin, dyspeptic men and women.

Stuart's Dyspepsia Tablets cure dyspepsia and every form of indigestion on this common sense plan, that they digest the food promptly, giving strength to every nerve and organ in the body, while at the same time the stomach has a chance to rest and recover its natural vigor. Nothing further is required to cure any stomach trouble or to make thin, dyspeptic people strong, plump and well.

This excellent preparation is manufactured by the Stuart Chemical Co., Marshall, Mich., and sold by druggists everywhere at 50 cents per package.

THE PHARMACY LAW WAS MISCONSTRUED

SECRETARY HEIMSTREET EXPLAINS THE SITUATION.

The Board's Endeavor Will Be To Protect Both the Dealer and the Consumer—Present Difficulty Grew Out of a Misconception—What the Regulations Really Mean.

Secretary E. B. Heimstreet returned from Milwaukee last night, where he has been attending the meeting of the State Board of Pharmacy. To a reporter he said that the pharmacy law in its application to the sale of patent medicine had been misunderstood. There has been a great commotion raised over the supposed prohibition of the sale of patent medicine and it was the result of misunderstanding and misrepresentation he insisted.

"The law as it now stands was not 'smuggled' through the legislature by the board, as has been charged," he continued. "The provision prohibiting the sale of patent medicines by general dealers was not inserted with the knowledge of the board, and they have paid no attention to it until recently."

"Let me explain the situation briefly. The law as passed prohibits by implication the sale of patent medicines put up outside the state by any one but a registered pharmacist. The provision of the law was put in by some other than the members of the board of pharmacy, and the board has not tried to enforce the law. But recently its attention was called to several cases where the keepers of general stores were cutting prices on patent medicines, and an investigation showed at least one case where the articles sold were shamefully adulterated. In such a case the board believed it should take action and sent letters to these particular offenders against the law, calling their attention to the provision in question relating to patent medicine."

One of The Violators. One of the alleged violators of the law, a general dealer at Darien, then wrote to the manufacturers of patent medicines and claimed that the board intended to prohibit the sale of their goods outside of drug stores. This was what started the trouble.

"Now the board does not intend to interfere with the sale of patent medicines by general dealers except where cutting in prices is indulged in or an inferior or adulterated article is sold. If this could be fully understood by all concerned I believe it would end all controversy and uneasiness about the matter."

"Then law does prohibit the sale of patent medicines by others than druggists?"

"Yes, if the medicines are put up outside the state."

"But the board does not intend to strictly enforce that law?"

"No, sir."

"But they will use that provision of the law to protect the druggists when out are made?"

Protect Dealers and Buyers

"Yes—that is, to protect the druggists and the people too. For when a man cuts prices, it is generally supposed he is furnishing inferior or adulterated goods, and against adulterated medicines, of all things, the people should be protected."

"Then unless they cut prices the general stores can sell patent medicines, notwithstanding the law?"

"Yes, as far as the board is concerned."

"You see," added Mr. Heimstreet, "a man is not supposed to be selling adulterated goods unless he cuts prices."

He then explained that while the board believed that it would be handled by a druggist as he could be held

responsible in law for harm coming from them while the storekeeper could not, yet the board was not disposed to push the law that far.

Some of the members of the board say that it will take some action clearly interpreting the clause of the pharmacy law in question and defining the board's policy in the matter, but Secretary Heimstreet says this is a mistake.

Hell!

Yes there is a hell, and we do not need to die in order to find it. If you want to find out what hell is like, do a deliberately evil deed. Dishonor and violate your own soul—disregard the voice of conscience, degrade your character and abandon the way of truth and right, and your life will be a Hell. Hell is that unrest and cursedness from which no willfully wicked soul is ever free. God's condemnation is not so great a curse as the condemnation of your own moral character.

Iowa Judges to Convene.
Des Moines, Iowa, Dec. 12.—Judge Given of the Supreme court is in receipt of a large number of letters from district judges throughout the state asking that a convention of the judges be called. Some time ago Judge Given sent out letters to all district judges asking if they wished a convention called to consider the code revision before it was passed on by the legislature. Such a convention can be called by the chief justice. The responses are all favorable to the convention, and it is practically certain it will be called for some date in January.

One Million Dollars Shipped.
New York, Dec. 12.—L. von Hoffman & Co. will ship \$1,000,000 in gold bars taken from the assay office by to-day's European steamer. The shipment excited surprise, as foreign exchange rates are below the profitable shipping point. There is no profit in the transaction, and the members of the firm declined to discuss the reasons for the consignment.

Durrant to Die Feb. 21.
San Francisco, Cal., Dec. 12.—The attorney for Theodore Durrant yesterday moved for a writ of probable cause for order to prevent the prisoner's removal from the county jail to the state prison at San Quentin. The court denied the motion and subsequently signed Durrant's death warrant, fixing Friday, Feb. 21, as the date.

DIGESTION AND WORK
HOW SICK PEOPLE MAY SAVE THEIR ENERGY.
It is as hard work for some people to digest their dinner as it is for a normal man to walk ten miles.
"After dinner rest awhile." This is an old saying. It means that if after eating a heavy meal you try to do hard work you will exhaust all your energy. There will be none left for your stomach. Your stomach needs energy to work just as your leg or arm does.
Sick people want energy. They seldom have enough for their stomach. Their digestion is out of order and they want to know the reason. It's simple enough as we have told it.
What they ought to do is to save their stomach from hard work until it is capable of doing it, just as they rest their tired backs by lying down.
This they can do by using artificially digested food. Shaker Digestive Cordial contains such food; not only this, but it is capable of digesting other foods in the stomach.
Shaker Digestive Cordial affords nourishment and creates new energy as soon as it is swallowed. Ordinary food first has to be digested. Shaker Digestive Cordial while creating new energy does not expend any. It gives the stomach no work to do. It will make thin people fat. Getting thin is a sign of sickness. A person may be born thin, and naturally remain so. Such a one is not necessarily sick. All Druggists keep it and a 10 cent sample bottle may first be tried.

German Socialist Leader Talks.
Berlin, Dec. 12.—Herr Bebel, the Socialist leader in the Reichstag, yesterday complained of the enforcement of the laws against Socialists, when he claimed, the latter only did what was permitted to other parties. The speaker proceeded to inveigh against the Emperor, and was twice interrupted by the President of the Reichstag, Baron von Buel-Berenberg. Herr Bebel declared that the Socialists had never been hostile to the unification of Germany, and that without previous national development the existence of the Socialists would be impossible.

An Extraordinary Sacrifice!

Double Discounting Any Clothing Sale Ever Attempted in Janesville.

On account of a very costly mistake which we made in purchasing such an immense stock of SUITS as we have for this winter. We over-estimated by many thousand dollars the demand that we would have for high quality, correctly made, up-to-date Clothing. We have these goods now on hand, and we are satisfied that we shall not dispose of them unless we resort to extraordinary means, and, so, right at almost the beginning of the winter season, we hold a sacrifice sale of a large amount of our very best suits. We confess that the reduction we shall make is not from choice, but from dire necessity, as we are obliged to reduce our stock. We began yesterday a sale of a large amount of fashionable Suits which have formerly sold at \$12, \$13, \$15, \$18 and \$20; now at \$7.00.

EVERY MEN'S SUIT,

EVERY OVERCOAT,

EVERY BOY'S SUIT,
